(1) Number of companies are best estimate

(2) Invested Capital is the Transaction Size and is described as purchase price plus unfunded obligations. Funded capital is the amount funded in each Transaction. The Net Multiple (TVPI) for SOF III is 1.3x.

(3) The performance figures have been calculated based on unaudited fair values and should be read and reviewed in conjunction with the "important information" and "important performance information" sections. Past performance is not a guarantee or indicator of future results, and there can be no assurance that the Fund will achieve comparable results.
