Hi Chris – we are actually offboarding Southern Financial in GM. Let us know if you need anything else.

Best,

Vahe

Hi Vahe

Hope you're well. I'm working on the ACO workstream in GM and have been made aware of the below client (in yellow) that is due for KYC remediation but doesn't have an ACO assigned. Are you able to propose an ACO?

Isabel (cc'd) needs to feed the ACO name back to COB/outreach fairly urgently as the stance taken is that any clients without an ACO should be moved to the red list for offboarding.

Thanks

Chris

Hi Chris,

I have done a bit of digging on this. As per below table, two of this names were indeed included in the Phase I of the Trading Outreach. The other 2 may have happen offline via Iain. Please see below the details I have been able to extract:

- #2 - reach out to ACO, and Bruce.
- #3 - reach out to Vahe
- #4 - reach out to Matt.

Thanks.

Kind regards,
Isabel.

Hi Isabel

The first 3 below were not part of the debt trading outreach. Do you recall how you were made aware that trading wishes to keep?

The person in the bottom one doesn't exist in the directory so I'll need to ask around in the even they've left.

Hi Chris,

As requested please find attached the names and below the statuses to be investigated:

- Internal entities – These accounts require remediation AND an ACO to sign off the remediation.
 - o Can we off-board these?
 - o If not, please provide an the ACO or get confirmation from AFC/ COB these account don't require ACO attestation
- Data Issues – idem
- CIB Claimed – These have been deemed off-boards unless you can find an ACO or say otherwise

Thanks.
Kind regards,
I.
