Subj Jeffrey - latest prices with suggested sizes - Nav [C]
ect:

Classification: Confidential

Jeffrey,

Updated prices and proposed sizes.

1. Buy 10y BTP (March2024). 10y yield is 5bp lower today. I still like eur2mm here 3.125% YTM and suggest work a soft order to add eur1.5mm at 3.25%, eur1.5mm 3.35%.

2. EURUSD spot FX is 1.3802 from 1.3827 yesterday. Suggest buying 2week vanilla 1.40c at 5-6c in EUR 50mm notional (cost EUR25-30k)

3. position for a stronger dollar by buying 1y 5% OTM SPOT EURUSD binary puts at 21% of payout. suggest do half (eur500k payout costing 0.21*500k) now, and the other half when spot 139-140

4. nationwide coco currently 6.42% offered. I suggest scaling in £2mm on an order at 6.5% and £2mm on order at 6.75%

thanks

Nav

Subjec Jeffrey - 4 trades I like - Nav [C]
t:

Classification: Confidential

Hi Jeffrey,

There hasn't been much I've really liked recently.
Here are four trades - 3 I like right now and 1 for now or soon.

1) BUY 10y BTPS @ 3.16% - This is a 3-6mth 'buy the rumour sell the fact'
