Jeffrey - we tried you on a few different lines. Matt's direct again
[REDACTED] if you want to just talk with him

On the FX front - your USDRUB binary has 7 trading days of time value left in it. Know you're well aware, but the \$257k premium looking to expire worthless. You're 102.5 \$/Y call is leaking time value - matures 5/15, so want to keep that front of mind as the yen is favorably weakening vs. the dollar here. We have you plugged into US FX trader ([REDACTED], Caleb David)

and, in addition to Nav and Vinit in London, finalizing the trader connection in Europe for you - as of now, you can speak direct with Roger Posch, +41 (58)111-5146, but I need to be on the line for licensing purposes.

Speak with you soon,
Tazia

Jeffrey –

Meet Matt O'Connor, MD in Commodities Sales (212-250-8846, but best to
access him on Bbg). We are plugging you in directly to Matt to resolve

your

frustrations related to timing and information.

Attached is a Bloomberg OMON screen, options on WTI futures with the spectrum of strikes and tenors. I believe this is what you want. If so, we

can send this at anytime. If not, please let us know the format that you are looking for. As you know, DB OTC bid/ask will vary from this based on firm inputs for vol/skew/etc. Matt and team will provide those specific markets for you directly; there isn't a spreadsheet output.

Look forward to discussing with you,

Tazia
