Looks like they just added the Entity Resolution paperwork to Citadel a day or two ago so I was able to see that he is an account signer. - Entered On : Mar 23 2010 12:07PM By : [REDACTED]

His authority is listed as "all transactions allowed with no dollar limit" /manner of signing: singly. This is listed on all FTC accounts in TECS. Not sure where you are looking. - Entered On : Mar 22 2010 11:55AM By : [REDACTED]

Darren Indyke signed the attached B17 and he is listed in TECS, but his authority level is not listed. I checked Citadel and there are no docs that show what his authority level should be so I do not know if he is an account signer or a POA. Do you have any docs that show his authority level? Please advise so that I can process. -
