

First, the Medici family from Florence is EXTINCT since 1737 or so! Second, he was born in Catanzaro the worst city of Italy for quality of life and in the deep South of Italy. Third his name is not listed in the Almanach de Gotha books which is the only official list of European nobility!

10:16 PM

The only Lorenzo de' Medici lives centuries ago

10:17 PM

And the real Medici bank of Florence was dissolved in the 15th century

10:17 PM

He is fake

10:17 PM

100%

10:17 PM

You can believe me or not but I am sure. And when he will do something strange you will remember my words and advice 😊
