Watching on news that gov wants to build a first responders network for health or whatever crisis

Why not use veterans to help lead that? Don't bring in "consultants" w zero experience

Get vets to do w local cops and fire ppl etc - then you don't have to hire and train a whole civilian corp

11:00:56 pm

And you also get a lot of very local and good and patriotic experience

11:01:08 pm

And instead of paying a whole  
Bunch of well intentioned activists you pay vets
