HR and Integrity VPs say they are happy to write a note too that I wasn't fired and I lived out my secondment.

07:03:18 pm

If it helps to have HR VP talk to anyone to clear my name

Your name is clear and frankly anyone who says different send them to me - happy to help on the note like a formal reference and employment history etc. just let me know.

what you would need is them to say that their investigation proved conclusively that you never traveled with or had any inappropriate relation with kim and even if you were an employee , their conclusion about non violation would be the same

07:14:42 pm

I can ask HR for anything I need.

07:21:41 pm

Can try

07:21:44 pm

They didn't investigate a relationship - the board chair has no knowledge of any law firm or additional investigation
