While you are thinking ...

Do you think I should engage or respond to the Prime Minister office in Dubai on the creation of world's "best" brain institute?

Sheikh Mohammed / Maktoum seems very focused on future and wise.

01:29:47 am

They proposed bringing in (NOT BILL) but Elon musk maybe jeff Bezos or Paul Allen or others who were future/forward/business ppl with an interest in brain

01:30:38 am

Could do the profitable stuff remotely and make it super cool

Like instead of AMAZON AWS - could capture and store all be worlds brain waves.

Remotely

01:31:21 am

Make the center about SLEEP TRAUMA AND MEMORY

01:31:33 am

could do vascular but thats not as cool

Anyway am thinking
