Did you close out euro that you shorted at 146

12:41:38 pm

Benny

No

12:43:17 pm

Shall I close?

12:44:15 pm

Reminder 113 was support. It needed to break there. It bounced perfectly. .

12:45:19 pm

Benny

Close or wait till expiration in November?

12:49:13 pm

Longer discussion, you had a good profit. You let it reverse and move into loss territory. I understand gambling vs investment, but its not something I do.

12:52:01 pm

You should always just be flexible. If you see strstrength against you close and go the other way. you are married to stacey. Not your positions or views

12:52:52 pm

Poeopl are getting out of Turkey and into euro

12:54:09 pm

Benny

U c it going over 117?

12:54:21 pm

I haven't paid attention since 115 3. . it could easily continue . I don't have a strong feeling. And thats what I require
