Did you ever get to see child before you left

10:08:14 am

[Redacted]

No, I didn't have a chance but we talked yesterday. I've sent her the manual for driving learning permit and explain everything, she has to prepare to the written exam and come to the DMV office, without any appointment. She also need to have her social security and passport with her..

" make new"?

Of course, I would be happy to be helpful for you!❤❤❤ I finish this Friday and can come to Paris on Saturday morning by train. Let me know if it works for you?:)
The hotel didn't receive yet the eligibility certificate, but the good news that my classmate, who is also going to my Hotel has received it yesterday and he applied one week before me. So it gives me a hope that I will receive the doc. Next week probably.

How are you? I have found through one of my teachers two women who might be interested in the Island position. I have asked for their CVs. Would it be a solution? Or it should be exactly a couple men+woman?

Letter or visa?

12:34:32 pm

First the eligibility letter/ as soon as I get the letter I go to the Japan embassy in Geneva and they stamp the actual visa on passport.

12:37:47 pm

Who is supposed to send to you

12:45:31 pm

Japanese Immigration should issue the letter and send it to the hotel; then the hotel will send it to me via mail...as I understood.

12:56:23 pm

Should the school call the hotel. Or you call ?
