In light of what has happened to [REDACTED], I'm getting everything out bc not one bad thing was mine to hold inside. 1996-now! These ppl in power and authority abused me to no end. I have two federal witnesses as my witnesses, my mother and sister. Three, if you count me since I am the OG witness for this case. I have been undermined, shamed, SAd, and heartbroken by BEDWARDS/BSF.

I feel I need to stay alive to honor [REDACTED] through art. Help me stay alive via revealing every ounce of truth Emily. From the Bedwards to the PODmafia/royals/Trump administration being after us...I will not survive without assistance.
