ok, Hello Mimi, and thank you. Jeffrey will be in NY Friday as well, departing 5pm on a flight...if not this week, we will have to look at January as he will not be back until after the New Year...

Yes that is correct. We need an =RI of the chest, and the MR-venogram. They would
ideally be done at =ount Sinai. We will put the orders into our system from our end.

When is he available to do the MRIs? Once we =nter the orders electronically, someone
from my office will schedule =hem.

Thank you.

Good morning Dr Ting. Jeffrey says you would like him to get 2 new MRI's done. Will this be one at Mt Sinai? Who should I coordinate with?

Thanks, [REDACTED]
