> Hi [REDACTED] I do not know who this person is. He wants you to make sure and have it in his calendar for tomorrow at 1:30. Also let The House know that he has a guest coming at 1:30 tomorrow. Ask him tomorrow morning if he wants snacks served with this guest. Also tell him in morning you do not have contact details for this person and if he would like you to reconfirm he must pass along this person's details to you
