Typical answer when I say a truthful thing you don't like. Anyway you just told me and proved me you didn't have any love for me so responding or not doesn't make any difference anymore

I'm sorry you're not capable of loving. I've always tried to ignore what the media was saying about you thinking you were my best friend but maybe they are right... I've been so blind, loving someone who had no love for me. So stupid

Yes I keep repeating you the same things because it's the way I feel everyday and hope that one day you will understand what I feel and how devastated I am. Feelings are shaped by a multitude of different shades and it's not all Black or all White as most Americans think and see things.

You tell, you tell but in the end you are not there. Telling and guiding someone are 2 distinctive things. I understand you want your freedom but this is not the right way of treating a girl. I've always

believed you were a good person. You made me believe you truly cared when in the end I was just a fuck girl for you. If you were really sorry I ended up like this you would have done something instead of abandoning me the way you did. You hurted my feelings like no one else. Because of all this story I don't even have a qualification now and find a real job, how do you think I'm going to fix my situation alone ?? I wake up everyday missing a person who doesn't give a fuck about me. =/div>

You were told over and over. You chose to ignore because you know best. We've had this discussion before.

you drive people away - then complain you are on your own. you wanted to do things your way. and though being told the results will be bad you continue please know however that I'm sorry you find yourself in this position. truly, only you can fix it.

I have no interest in merely repeating the same thing. I have no interest in reminding you how and why you find yourself here. you still choose to ignore your past decisions against all advice. each few months you come to a realization of ... another list of things that you should have done differently. school friends. fake people. fake opportunities. and only get angry at others and me. =A0
