Jeffrey please I'm stuck. If I don't find a solution before June 1st I need to move to the countryside (1 hour from Rome) because my mother rented my room to a girl for a year. I would love to stay in Paris to continue working and following the path of photography but I cannot afford it anymore and don't have a house after the 1st. I'm really alone having to manage everything... it's impossible.

When I first met you I had no sense of money and reality, had a different mentality and was in a different situation... My emotions took over my rational part and I became completely blind and stupid. I had different priorities. I was spending more time thinking about you, trying to find out if you cared for me or not and distracting myself going to parties instead of focusing how I would earn, manage my money and take my life seriously. I know it's entirely my fault and I blame no one but myself.

Now that I took some distance and find myself in this situation, I understand how stupid and careless I was. Today I'm like most people asking for help, finding myself in a miserable place. To be honest I have no idea of why I should be different from them and as most people do in this situation if I was even an opportunity I would seize it straight away and take it as seriously as possible in order to never fall again in this horrible place where I am now. I gave you all my reasons and motivations in my previous messages. I'm desperately looking to flourish and as I said to become the best version of myself. I would do anything for it. Now it's only up to you to decide. I don't know why I'm still asking for your help after all I have done or not done, I guess because hope is the strongest driving force that keeps people alive.

I will not promise you anything but will let the actions speak by themselves. I would like to make you happy without causing you distress. If you ever decide to give me another chance, I will do my best not to let you down anymore not only for you but also to prove to myself that I can make it. It took time but finally I've understood that no one else is going to do it for me if I don't. After repeated mistakes and failures, I'm learning to see life with a different point of view shaped with discipline, learning, hard work and gratitude in order to achieve my goals and grow to become a better version of myself. I've been giving it a lot of thoughts and understood what life is really about. Nothing can be achieved without discipline and hardwork. I believe I'm ready to bring out the best of me in order to achieve concrete results by making a positive and meaningful change to my everyday life and apply your guidance with a serious and mature approach. I apologize one more time for my mistakes and misbehavior hoping I can move forward and never let it happen again.

True. I have no excuses. The only thing I can tell you is that I'm trying to do better by learning from my mistakes in order to not repeat them. I've wasted my time by going to parties instead of being serious. Everything was confused in my mind and I didn't really know what path to take, it's very easy to get lost when you are young, especially into fake illusions. Still now, I'm trying to understand myself and who I am. I believe it takes time and it's different from person to person. Now little by little I've started to focus more. I'm starting to understand real life, what are my priorities and things that really matter. Here are some actual facts: I've started to earn some money (which I've never done before) which I believe it's already a small accomplishment. I did some babysitting and after 2 paid trial days (250 euros per day) shooting for Vogue and Dior, I've got hired by one of the best fashion photographers called Paolo Roversi to be his assistant (paid job). I'm very happy and excited to work and learn from him which is better than any photography school. I'm ready to work as long as I need to in order to build my skills and stand out in that field. I think I've achieved some results and gained some value if I compare myself 2 years ago from now. Thanks to you I had the possibility to make many interesting experiences like Ferragamo in China and Alaïa in Paris. Even though I didn't get hired from them, those experiences allowed me to understand what I like and what I don't like and shaped in part the person I am. Thanks to the Alaïa internship and my passion for photography I am now working with Paolo Roversi doing what I really like. However even though I work hard and I am paid I cannot fully support myself to pay a rent and my living in Paris. I really would like to continue through this path, I feel it's the right one but I need your help, your support and your advice because I cannot make it by myself.

I promise I will use my money wisely without throwing it away into futilities like parties and holidays because I want to grow and build my skills, my career and hopefully my future self. A0
