It has been a couple of weeks since I got back & I have gotten back into the swing of things. A couple of quiet details about NY I didn't mention earlier - went to see The Duchess - a decent play, & Blue Man group Tubes - off Broadway really cool production. Went to the flea market where I got some cool stuff, went to Jeffrey Epstein's mansion, went to the Met, a pretty fun New Year's Eve party, went to thrift stores where I got an amazing dress for prom, it's from the fifties, lace with pink flowers w/ rhinestones in the middle all over it, it is my dream dress. One night we went to the movies w/ Jeffrey Epstein - I was a little weird one of those things that is ~~weird~~ hard to explain we were sitting next to each other & he put out his hand for me to hold & we were holding hands (not weird, normal & fine) then he kind of caressed/rubbed my arm & ~~hand/foot~~ - It was one of those things that just gave me a weird feeling but wasn't that weird & probably normal - the one thing that kind of weirded me out about it was he let go of my hand when he was talking to [REDACTED] - Oh well I decided it was no big deal, it just made me mad because he is being so amazing - paying for a summer program for me - helping me w/ college - he is so nice & so generous w/ everyone & I just didn't want to have any weird feelings about it - I didn't/couldn't say anything.

so to [redacted] about it because she worships him  
& it would just create problems I wouldn't  
tell anyone else because it is still not a  
big deal & I didn't want to portray him  
in a bad light. I really don't think it is  
a big deal. I think he is just a relaxed guy  
& likes to flirt, or was being fatherly or something.  
I know this sounds like me trying to justify  
him doing something weird, but it isn't.

Right now my big concern is what I am  
going to do this summer. There are so  
many cool things to do & amazing places  
to go. Right now I am really thinking about  
doing something in [redacted]. It would be incredible -  
so different, so beautiful, all the different  
people I would love it. I think I will really  
be happy doing almost anything.

I am entering, actually am in a pretty  
good period - this would all be over by  
tomorrow but I feel pretty happy right  
now & excited for the future, (not  
immediate - track & school), this summer, senior  
year, & college. I am having a lot of fun  
w/ [redacted]. We have so much fun  
doing things together. [redacted] is having  
some problems & kind of alienating herself  
from everyone. I hope she gets over it. Things  
are also going well w/ [redacted], [redacted]  
& I've been talking to [redacted] a little more  
although still not enough. It makes me a little  
sad to think about it & mad because it seems  
like she doesn't make much of an effort.
