Those both make sense—let me know if you have trouble finding them on the share. Attached is an update memo we put together in December 2019 summarizing the post-Epstein indictment investigation to date. Might be helpful to get a fuller picture of the case.

I'm planning to read the [REDACTED] memo and plea submission, and will read the Maxwell pros memo. Is there anything else that you think might be helpful to review to catch up on? Thanks in advance.

Subject: share access

Hi [REDACTED]

Would it be possible to please give [REDACTED] access to the USv.Epstein-2018R01618 share?

[REDACTED] the PC chiefs and brass previously got access to the share, so I figure it makes sense for you to be added in case you need to review anything there.

Thanks
