Hey guys,

I've attached an accurint of one of Epstein's prior employees that worked for him during the time period that the abuse was occurring inside of his New York home. [REDACTED] as I mentioned earlier the AUSA's have been following up with us a bunch about getting the employee interviews done and if you can help to knock this out that would be awesome. Just basic questions about his knowledge of Epstein, the massage room, the girls coming and going and such... We can get you guys a subpoena in the event that he refuses. The guy is 80 years old now and I suspect that his accurint addresses listed are probably good, and shouldn't be too hard to track down.

There is one other New York employee we are trying to track down ([REDACTED]) but don't have a DOB or good address yet for him. I'm currently working on that but once we figure that out would you be able to knock out that interview as well?

Thanks again
