2.) Speaking to press... memories of that...

My husband didn't even know about this situation yet
blindsided by phone call about to get married
Threatened by person from "Radar online" to give interview or he would write his own narrative
Just 1 convo w/ this person

I gave interview + article to not publish my name - did interview
got all sorts of calls from other journalists
I got attorney / made it go away
I stopped getting calls
only did he ask about GM
