Subject: more about Woody Allen's set and being an extra..

below from Lauren...she says she won't know what time you are to report to the set until tonight around 7/8pm...so stay posted on that:

They should ask for Mike Brown. He's the background production assistant! And let him know that they're the bg that Mr. Allen requested.

Or they can also ask for me, but I most likely won't get to set until Mr. Allen does around 8-9am. Here's my cell phone number just in case they need to call me in emergency:
