Yes no health issues at all. I am in the clear and getting back to 4 days a week of running. Thank you for your concern.

Thank you as well for arranging my meeting with jee. I met with him from 5-6pm and the best part was that Darren was nuts that I was going there alone....

Regarding phones jee gave [REDACTED] her phone and I left an apple bag next to your printer with 3 phones with stickers for who they are for: [REDACTED] is last phone we are waiting on and I have been in touch with her.

Thanks for all your help and I am available all day for emails and calls. You never gave me paperwork to fed ex to Cecile so please give to Darren today. Thanks.
