---

Hi Lyn...Hope you are feeling ok! I do keep up with you through your family...[REDACTED]  
[REDACTED] Very happy you were feeling well enough to receive it...I also hear you have been eating well so taht is good. I'm sure you have heard we are going to move you to 11P...Leo is at 301 now helping move your items and he will clean 10B...there is lots of moving around over at 301...and we have many long term visitors ...Jeffrey is trying to get Ion here also! lots of juggling...Hoping you are able to come back to the apartment soon...I'm sure you like staying there better (as long as you are feeling good and not in pain)

Still miss you here! [REDACTED] came and all went well with the breakfasts and dinners...we are trying to hold down your fort!!

Tes made some carrot cake yesterday and gave me a HUGE piece to take home...YUMMY!!! I hid it in the bottom drawer of my refrigerator so no one else will eat it! How mean am I!????

You take care of yourself...

xo, Lesley
