Hi [REDACTED]...we are getting apartment 3M ready for Terje's arrival tomorrow...we need a coffee maker for the apartment...[REDACTED] says we have an extra one in 7J (where Margehrita is staying) Should be located in one of the cabinets and still be in the box.. Can you please go to 7J and get this and put in 3M. I am not sure if Margarita is there or not...knock first of course...but you can go in: 13579.

Also just check the whole kitchen for things that might be needed...since it has not been a guest apartment you may need to buy salt and pepper, etc...for sure get some coffee and filters (check the machine to buy the right stuff)...

thank you!
