Subject: Welcome to Priority Private Care

Dear Jeff,

Thank you for becoming a member of Priority Private Care.

Our doors are open, and we have Emergency Physicians and support staff on-site 24/7. If you need us at anytime, please call [REDACTED]. We are currently in our soft-launch mode, and there are still a few items that are not yet operational, but we can treat the majority of your medical issues.

We would like to share our Member On-Boarding Packet, which provides important information about our facility and how to best to proceed in the event that you need us. In an effort to be environmentally conscious, we have provided this packet to you electronically, but we can provide by mail if you so desire.

This packet does include a few things that we will need from you to get started, including family members contact form as well as a medical history form that must be filled out by or on behalf of all members.

We look forward to providing you with the best possible care, and please be in touch with us with any questions at anytime.

Sincerely,

PPC Membership Team
