Morning Kathy! Jeffrey forwarded me the picture of the peonies! What a shame...they should be so beautiful and they clearly are not! Are you still in your DC? The florist would like to send you another 'beautiful arrangement full of flowers but no peonies"...and would like to do so today if you are around...also asking if you love a certain type of other flower...

Please let me know if you are in DC today...and what kind of flower you love! Also, if you are not in DC when will you be back?

Please let me know as soon as you can! thanks, Lesley
