Subject: Bunch of messages from your machine @ 51st

Date: Fri, 08 Jul 2016 18:49:46 +0000

Hi.

I just got into the office and went to check the printer with your computer. When I woke it up it sent a bunch of queued messages -- so you may get some confused responses from people wondering why you're sending old messages now.

Sorry. Couldn't stop them.

Thank you,

 James Ce, your Personal Genius,
