well this is one complete email!

Thank you so much! I will see if the place Jeffrey had the MRI can just send you a CD directly ...they should be able to. I am not sure if Jeffrey has the other reports/results you are requesting...will try to find out!

I will pass along the manuscript in progress to JE!

Thanks for all and I will be in touch... Lesley

Greetings, Lesley!

- my permanent email address (like all H alums) is [REDACTED]
- my current active email address to which that email gets forwarded is [REDACTED]
- my cellphone is [REDACTED]
- the Institute website, which has an "EMail the Director" link, is <http://www.BrainMusic.org>

- yes, I asked JE to send me a CD w/ MRI images when we spoke Sun
- if he is willing and they are available, I would also like to review the reports/results of his electrophysiological studies, namely Nerve Conduction Studies (Electroneurography), needle EMG (Electromyography), and SSEPs (Somatosensory Evoked Potentials)

- I'm also attaching a PDF of a manuscript-in-progress about the neural coding of tonal consonance and dissonance by auditory-nerve fibers, which we discussed over the phone Sunday - the Figures at the end tell the computational part of the results I tried to relate verbally - the equations and graphs communicate so much better!

- my mailing address for the MR images:
