Jeffrey wants to renew his 2nd passport tomorrow...I know the 2 of you worked on this last time. Bebe, did you find his 2nd passport application from last time? If you want, we cause the same company I just used for Jeffrey's main passport:

[Rushmypassport.com](http://Rushmypassport.com)

I just researched and they also facilitate 2nd passports. Darren, Jeffrey will need to include a letter stating the reason why he needs a 2nd valid passport. **I can book airfare if you tell me where and when I should book for.**

Bebe, I have one extra picture of Jeffrey in my file cabinet at the house that is the correct size (2x2) (the other pics in the envelope are visa size, smaller, than the 2x2) I will call you to explain how to locate this envelope with the pictures...

Jeffrey will bring his 2nd passport back with him tonight. Bebe, you can ask Karyna to bring it to you tomorrow as you must send in this passport with the application.

If you want to use the Rushmypassport web site I can get the ball rolling today and fill out the form, pay for the service and fill out the DS-82 App.

Please let me know if you wish me to do this or if you want to use whoever you used last time...I'm happy to help out.
