Good afternoon Lesley,

Quick verification, we have a change of venue, Jeffrey's heli-pad is at the airport with St.thomas jet center correct?

I just want to be sure so I can be there to meet him on time.

Hi,

No problem, I know how it gets sometimes, busy busy busy. Yes, he contacted me this morning and I was suppose to meet with him at his office in Redhook, I didn't workout, so he rescheduled for tomorrow. Do

you know the address for the red hook office? I don't know where it's located but I know the red hook area. If you do, I would gladly appreciate it.

Thanks again, 🍌

Good night Lesley,

How have you been? Hope all is well with you and the family. It's been a while since I've spoken to Jeffrey. I know he's probably busy. I didn't get a chance to speak to him the last time he was here, more due to me being at our other ports. I'm at the seaport now and not at the airport for a few weeks. Can you communicate with him that I'm still at on top of what he suggested that I look into and have even went a bit further as to finding a excellent website that breaks down the basics and fundamentals in the accounting process.(accounting coach website) I've been dissecting each of the steps, procedures and terms daily on my downtime at work. If he has a little time before he leaves again, maybe we can chat for a few, so I can update him on where I'm at or if he has any additional suggestions. I'd really appreciate it. I'll be flying to Texas next month for a few days to a real estate seminar I registered for a few months ago. It's mainly to educate myself on the investment aspect of that business model on how to create passive monthly income streams.

Thanks again and best wishes for the Halloween season(if you celebrate it)
