On Monday, October 12th, Focus Features invites you to the New York premiere of "Suffragette." The film is about female empowerment and has been written, directed, produced and acted by an amazing group of powerful women.

Academy Award nominees Carey Mulligan and Helena Bonham Carter, and three-time Academy Award winner Meryl Streep, lead the cast of this commanding drama about their fight for equality and voting rights in early-20th-century Britain.

"Suffragette" is written by Abi Morgan ("The Iron Lady"), directed by Sarah Gavron ("Brick Lane") and produced by Alison Owen ("Saving Mr. Banks") and Faye Ward ("Brick Lane.")

We have put together an incredible force of influential women as hosts (please see invite attached) that have all contributed to feminist history.

Surely you will know everyone. Come join the best and the brightest for a fabulous night.

xoxo,
Peggy
