Yes!!! I totally did ask specifically for "Danny the GM" but was told he is out of town until Wednesday. Then I requested to speak with the manager on duty! I let Yuri know as well I had requested Danny! I will call this thurs or fri to speak with Danny about setting something up for us. Great advice! Thank you so much as always. Lesley

This way u just need to tell the mgr your phone number and a explicit note will pop up. But again have Danny do this for you. Always only speak to a mgr to place your order
