iPhone Information

I ordered an iPhone with a wireless account. Who can pick it up?

If you've ordered an iPhone with a new line, the primary account holder on your wireless plan must pick it up. The primary account holder is the person whose billing information is linked to the wireless plan.

If the iPhone is an upgrade for an existing wireless account, it can be picked up by the account holder or by a person authorized by them. Contact your wireless carrier to authorize people on the account.

If your iPhone is unlocked, it can be picked up by the person who placed the order or the pickup contact on the order. For more information, visit [How to Pick Up Your iPhone](#).

How do I recycle my old phone?

You can recycle your old cell phone for free with the [Apple Recycling Program](#).

What if I chose to have my iPhone delivered?

Once you have your iPhone, activation is simple. Turn on your iPhone by pressing and holding the On/Off button for a few seconds. Then follow the onscreen instructions to set it up.

For questions about your rate plan, please contact your carrier. For questions about your iPhone order or hardware, visit [Apple Store Online Help](#).

What if I ordered an unlocked iPhone?

An unlocked iPhone can be picked up by the person who placed the order. However, unlocked iPhones with activated wireless service must be picked up by the primary account holder.
