Rich

Now that the summer is over I just wanted to briefly touch base with you about Mr. Epstein's magnificent boulle desk. It's been very much on my mind as I think we could increase the estimate. We had strong results for our London sale in July, setting a world record for a decorative arts sale of \$53.1 million and have some great pieces already consigned for our New York auction in December. I've got one of the most senior French furniture specialists in town this week from London and [REDACTED] love to show him the desk and get his opinion. Would it be possible to bring him by Mr. Epstein's house to take a brief look Friday morning?
