Larry,

We certainly understand that trying to secure a solid date with the very busy schedule of Mr. Epstein is difficult, however this is a very mission critical law enforcement vessel and the Bahamian Royal Police operate this time of the year at a very high pace. We can no longer request to use their boat for this water demonstration.

We welcome you to visit our Bremerton WA facility and have several of these vessels in construction, we will be happy to provide you with a schedule of sea trial dates when you could run a boat and tour our manufacturing process and facility. There is a private airport within 5 miles of the factory, Scott Peterson has offered to pick you up and personally tour the facility with you.

Please let us know when a date would work for you in Bremerton WA

Respectfully

John Hotz
